Spoken Tutorial Training Report

The Spoken Tutorial project is being developed by **IIT Bombay for MHRD**, Government of India. It is the initiative of the 'Talk to a Teacher' activity of the National Mission on Education through Information and Communication Technology (ICT), launched by the Ministry of Human Resources and Development, Government of India.

The Spoken Tutorial Project is about teaching and learning a particular FOSS (Free and Open Source Software) like Linux, Scilab, LaTeX, PHP & MySQL, Java, C/C++, LibreOffice etc. via an easy Video tool - Spoken Tutorials. Through active learning method, students learn a software in short and simple steps.

Any time after completion of the course or after the Training, the group can come for the online assessment test and get Spoken Tutorial project, IIT BOMBAY ' Certificates.

As a first step, the organizer typically a faculty member must register on the Spoken Tutorial site and become authorized to request and conduct training in his/her college.

In our college we have launched FOSS training for LINUX (Ununtu) Operating System. It is introduced for SYBBA(CA) and TYBBA(CA) students in first semester i.e. from July 2018 to December 2018. Total 103 students have registered for the program (64 students from SY and 39 students from TY).

Tutorials are downloaded and provided to the students for self learning in off-line mode. Total 15 machines are prepared in lab for students for practicing the same.

As the students have completed the training successfully the online test is scheduled on 29th September 2018. Mr. Rakesh Guntewar is registered as an Invigilator for the test.

Students will get the certificate only on scoring 40% or above which can be downloaded using Username and Password provided to the student. Participants, who don't pass in the Test, will get a chance to re-attempt the Test after a gap of 15 days.
