A One Day Work shop on Introduction to the Floral Biodiversity of India & Nursery Management.

Today 'Trees' acquire utmost importance in the changing environmental conditions from sequestering carbon to providing food & fiber trees form an integral part of our day to day living.

To help our students understand the world of our green friends & ways of their propagation a one day workshop was organized for our S.Y.B.Com EVS students in association with Pune Mucipal Corporation at Rajiv Gandhi Zoological Park & Research Centre on 14th September 2017.

Participants at the workshop on Floral Biodiversity & Nursery Management

In the introductory session of the workshop a short documentary 'Our Planet' was showcased showing different ecosystems found on the earth which helped students to understand them in much better way.

In the First session Ms. Ashwini Yadav Educational officer at Pune Municipal Corporation introduced the students to the world of trees in her session on the 'Floral Biodiversity of India' she explained about different type of plants found in India-their botanical classification as terrestrial to aquatic and from parasitic to insectivores to those found in dry land along with their special characteristics and utility through a colorful slide show. She also explained about the ecological importance of these trees along with the threats caused to them & steps taken for their conservation. This session helped the students get a better insight into the world of trees.

This session was followed by the second session in which 'Tree Walk' was organized for students .this session was conducted by Mr. Umesh Awasarkar from Biodiversity Board of Maharashtra ,during this session students were taken around the campus of Zoological Park and were introduced to the different trees found on the campus and were explained about their special characteristics.

The third session was on 'Nursery Management' students were taken to the Nursery section of the Park where Mr. Ganesh Shinde conducted the above session. Here students were first explained about the role and objectives of setting up of nursery.

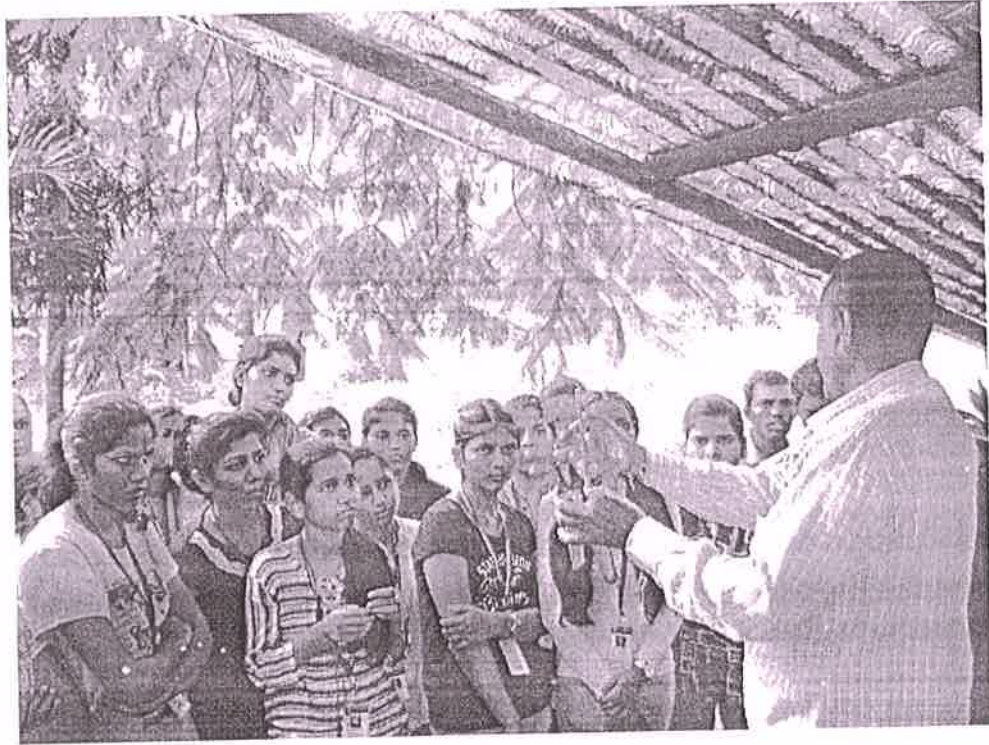

Mr. Ganesh Shinde Nursery Incharge & PMC Environment Education Officer Ms. Ashwini Yadav along with students explaining objective of Nursery

Report on Workshop titled "Creativity in Advertising"

The department of marketing of the college organised a workshop titled **Creativity in Advertising**. The event was held on Friday, 13th October, 2017 at the BBA seminar hall from 9.30 a.m. to 12.30 p.m.

Ms. Durga Tilak, Adjunct Faculty of the Department of Marketing, NWCC, the faculty for the workshop, started off the workshop with an introduction to creativity. She said all of us are creative at some level. She said that a creative person looks for a different perspective and is in the habit of connecting unrelated things. Next up, she shed light on the dimensions of creativity in advertising. These were explained as: originality, flexibility, elaboration, synthesis and artistic value. All this was supplemented with several examples of print and video advertisements.

Ms. Tilak went on to explain different parts of the creative process- immersion, digestion, incubation, illumination and verification. She emphasized the importance of background research in advertising and the need for developing major selling ideas like USP (Unique Selling Proposition), creating brand image, inherent drama and positioning.

The next part of the workshop comprised of 3 exercises that aimed at encouraging students to look beyond the obvious, think creatively and create their own advertisements for products assigned to them. Students were given an image, a generic product and theme such as humor/serious. Products included a car, toothpaste, mobile phone, men's wear, shoes, etc. All groups came up with very interesting advertisements and tag lines. In the end students presented their work and explained the advertisements made by them.

67 students (37 from TY B.Com, 28 from SY B.Com, 1 FY BBA and 1 TY BBA) and 2 faculty members attended the workshop which was coordinated by Dr. Mariam Noronha.

Dr Noronha enlightened the students about various ways in which they can make print and/outdoor media advertisements on social service issues. Clean layout, simple copy/message, strong visuals and thought provoking ideas were the keys which she suggested. Following this topics like peer pressure, depression, pre-occupation with ear phones, social media addiction, eating disorders, the importance of breakfast, observing traffic rules/signals, prevention of copying during exams, etc were distributed among participants who had to work in groups and prepare the advertisement for the following day.

She gave students valuable tips and insights in to pricing and marketing strategies employed by her. She also spoke about her failures and her learning from them which made her talk practical and realistic. It did not portray entrepreneurship as a bed of roses but instead put forth the idea that if you want to be your own boss, think, be innovative, be polite and a team player, get up when you fall and you will make it. In the end, students presented and explained social service advertisements prepared by them.
