MODERN EDUCATION SOCIETY'S
NESS WADIA COLLEGE OF COMMERCE, PUNE

1969

FOR THE SPREAD OF LIGHT

ATTAINMENT OF THE PROGRAMME OUTCOMES (POS)

The Modern Education Society's Ness Wadia College of Commerce, Pune is affiliated to Savitribai Phule Pune University. The College offers Undergraduate, Post Graduate and Research programs and courses under the Faculty of Commerce. The College has a system in place for measuring the levels of attainment of course outcomes, programme-specific outcomes and programme outcomes.

Attainment of the Programme Outcomes

At the Post Graduate level and Undergraduate levels, the attainment of programme outcomes is measured through students' progress to higher studies whether in any higher educational institution in India or abroad. Another measurement of attainment is students' placement in companies and institutions.

The feedback system of different stakeholders which is in place in the college helps to measure and reckon the attainment of the programme outcomes. The online student feedback system provides information about the relevance of the course, availability of the course material, and importance of the course in terms of employability and so on. These are pertinent questions which help the college to measure its learning outcomes and address gaps if there are any.

The College has also utilized a student satisfaction survey developed by NAAC (for conducting during assessment and accreditation process). The institute used this to seek feedback on its own and for measuring the attainment level of course and programme outcomes. This is shared through the college IQAC webpage with all stakeholders. This informs all stakeholders of the virtues and shortcomings in teaching, learning and accomplishments.

Attainment of Programme Outcomes (POs)
