Attainment of the Course Outcomes (Cos)

The Modern Education Society's Ness Wadia College of Commerce, Pune is affiliated to Savitribai Phule Pune University. The College offers Undergraduate, Post Graduate and Research programs and courses under the Faculty of Commerce. The College has a system in place for measuring the levels of attainment of course outcomes, programme-specific outcomes and programme outcomes.

Attainment of the Course Outcomes

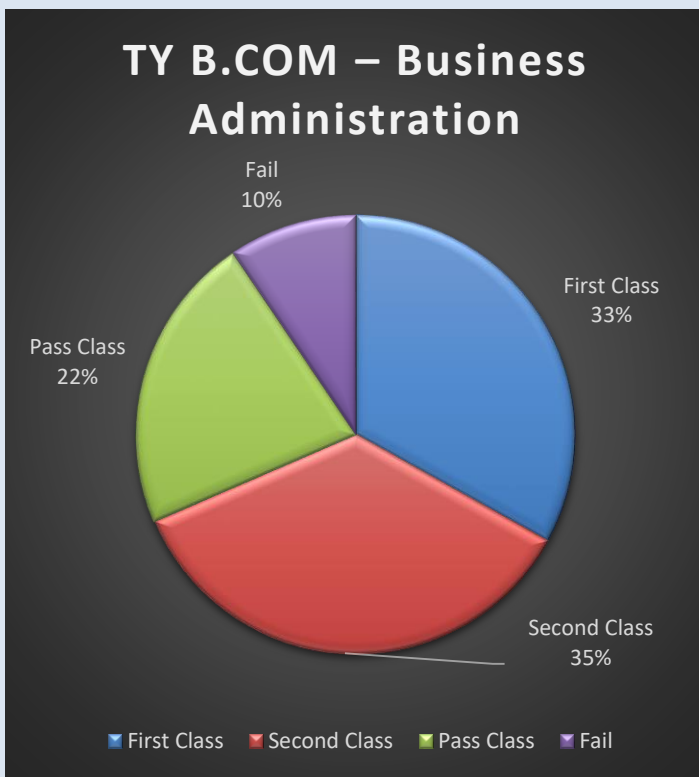

The course outcomes are measured through syllabi, completion of syllabi, continuous evaluation (internal assessments), setting of question papers, other evaluation, and results.

At the Departmental level, the Heads of the Department and the teachers who are engaged in content delivery strive to complete the courses in time. In some cases, extra classes are conducted for those students whom teachers identify as slow learners or those who have content related difficulties. The rule of 75 percent compulsory attendance to qualify for writing the examination for all courses is adhered to. This ensures that students participate in the class. Attendance is also given indirect weightage in the marks scheme. The data of students admitted to various classes is shared with concerned subject teachers. This helps them to keep a track of students' progress. Continuous evaluation is done through tests, quizzes, case studies, written assignments, paper presentations, oral presentations, fieldwork, etc. The end semester examination of every course is based on a written examination of three hours, the question paper of which is required to test the knowledge of the student from every unit prescribed for study.
