2. A One Day Workshop on Introduction to the Floral Biodiversity of India & Nursery Management

Today `Trees` acquire utmost importance in the changing environmental conditions from sequestering carbon to providing food & fiber trees form an integral part of our day to day living.

To help our students understand the world of our green friends & ways of their propagation, a One day Workshop was organized for our S.Y.B.Com EVS students in association with Pune Municipal Corporation at Rajiv Gandhi Zoological Park & Research Centre on 14th September 2017.

In the introductory session of the workshop a short documentary `Our Planet` was screened showing different ecosystems found on the earth which helped students to understand them in much better way.

In the First session **Ms. Ashwini Yadav, Educational Officer, at the Pune Municipal Corporation** introduced the students to the world of trees in her session titled `Floral Biodiversity of India`. This session helped the students get a better insight into the world of trees – its diversity and conservation.

The second session comprised of `Tree Walk` for students. This session was conducted by **Mr. Umesh Awasarkar from the Biodiversity Board of Maharashtra**. Students were taken around the campus of the Zoological Park and were introduced to the different trees found on the campus and were explained their special characteristics.

The third session was on `Nursery Management`. Students were taken to the Nursery section of the Park where **Mr. Ganesh Shinde** conducted the above session. Here students were explained about the role and objectives of setting up of nursery.

Later they demonstrated the technique of preparing plants through `Polybag Method` students were also told about the soil selection and water to be given for plants.

This session was highly appreciated by the students who prepared saplings by themselves and learnt the art of preparing plants for commercial sale.

In the concluding session of the workshop **students were presented with certificates from the Pune Municipal Corporation for having successfully completed the workshop.**

The above **workshop proved instrumental in not only making students understand the world of plants around us, but also introduced them to a new arena of becoming a green entrepreneur through nursery management.**

4. Workshop titled “Creativity in Advertising”

The Department of Marketing organized a workshop titled **Creativity in Advertising**. The event was held on **Friday, 13th October, 2017** at the BBA Seminar Hall from 9.30 a.m. to 12.30 p.m. **Ms. Durga Tilak, Adjunct Faculty of the Department of Marketing, NWCC** was the workshop trainer. Stating that every individual is creative, she said that we should look out for different perspectives and be in the habit of connecting unrelated things. Shedding light on the dimensions of creativity such as originality, flexibility, elaboration, synthesis and artistic value, she explained different parts of the creative process—immersion, digestion, incubation, illumination and verification. This was followed by hands on participation by 67 students who worked on creating interesting advertisements and tag lines for various products and images. In the end students presented their work and explained the advertisements made by them. Two faculty members attended the workshop which was **coordinated by Dr. Mariam Noronha**.
